## RUBBER CHEMISTRY AND TECHNOLOGY

### VOLUME VII, 1934

#### AUTHORS

	Page
AOE, ITIRO, AND HIROSI YOKOSIMA. Studies on the Combined Use of Some Different Organic Accelerators. IV. Diphenylguanidine and Dibenzothiazole Disulfide.....	648
BAIRD, W. See Naunton, W. J. S.	
BALANDINA, W. See Dogadkin, B.	
BARY, PAUL. The Viscosity of Latex.....	634
BARY, P., AND FLEURENT, E. The Degradation of Rubber Solutions.....	632
BERRE, J. The Vulcanization of Rubber.....	8
BLOOMFIELD, G. F., AND FARMER, E. H. Research on Modified Rubbers. III. Adhesive Latex. (a) Preparation of Sticky Latex.....	450
BLOOMFIELD, G. F., AND FARMER, E. H. Research on Modified Rubbers. IV. The Oxidation of Rubber with Aqueous Hydrogen Peroxide-Acetic Acid Mixtures.....	454
BLOOMFIELD, G. F., AND FARMER, E. H. The Action of Hypochlorous Acid on Rubber.....	327
BLOOMFIELD, G. F., AND FARMER, E. H. The Preparation of Chlorinated Rubbers from Latex. Hypochlorination and Chlorination Processes.....	320
BONDY, H. F. (in Collaboration with LAUER, G. G.). Antioxidants of Rubber Latex. I.....	23
BRIDGWATER, E. R. Physical Properties of DuPrene Compounds.....	406
BRUNI, G., AND NATTA, G. The Structure of Gutta-Percha Based on Studies with Electron Rays.....	603
BUIZOV, B. V., MOLODENSKII, V. S., AND MIKHAILOV, N. I. The Action of Copper Salts on Raw Rubber.....	618
BUNSBURY, H. M. See Naunton, W. J. S.	
BUSSE, W. F. The Physical Structure of Elastic Colloids.....	273
CALDWELL, M. L. See Spence, D.	
CAMERON, FRANK K. See Johnson, Bernard L.	
CARPENTER, ARTHUR W. Measurement of Quality in Rubber Goods by Physical Tests.....	700
CLARK, GEORGE L., WARREN, W. J., AND SMITH, W. H. X-Ray Diffraction Studies of the Bureau of Standards Rubber Fractions.....	503
CLIFFORD, A. M. See Thies, H. R.	
COOPER, LESLIE V. New Machine for Laboratory Evaluation of Fatigue of Rubber Compounds Flexed under Compression.....	125
CRAWFORD, RICHARD A. Selection and Use of Age Resistors in Rubber Compounds.....	663
CURTIS, HARVEY L. See Scott, A. H.	
DAVEY, WHEELER P. See Long, John D.	
DAVIES, B. L. The Stress-Strain Relationship in Ebonite.....	197
DAVIES, R. C. Some Observations on Accelerator Practice and Modern Compounding.....	641
DILLON, J. H. Rubber Plasticity Control.....	718
DILLON, J. H., AND JOHNSTON, N. The Plastic Properties of Several Types of Unvulcanized Rubber Stocks at High Rates of Shear.....	248
DOGADKIN, B., AND BALANDINA, W. Investigation of the Aging Processes of Rubber. II. The Gold Reaction of Products of the Initial State of Oxidation.....	18
DOGADKIN, B., AND PANTSCHENKOW, G. Investigation of the Aging Processes in Rubber. I. The Effect of Irradiation with Ultra-violet Light on the Surface Tension of Rubber Solutions.....	302
DOGADKIN, B., AND SANDOMIRSKY, D. The Electro-Deposition of Rubber on a Zinc Anode.....	314
DRISCH, NICOLAS. See Dufraisse, Charles.	
DUFRAISSE, CHARLES, DRISCH, NICOLAS, AND PRADIER-GIBELLO (Mme.), DENISE. The Problem Whether Litharge Is an Antioxigen or a Prooxygen toward Rubber. The Practical Consequences.....	167
DUFRAISSE, CHARLES, AND VIEILLEFOISSE, ROGER. The Prooxygenic Role of Iron in the Oxidability of Rubber.....	213
EVERS, F. The Swelling of Latex.....	477
FARMER, E. H. See Bloomfield, G. F.	
FLEURENT, E. See Bary, P.	
FUJIWARA, TAKEO, AND TANAKA, TORAMATSU. Characteristic Properties of Rubber at Low Temperatures. A Discussion of the Stress-Strain Curves of Vulcanized Rubber at Low Temperatures.....	610
GARVEY, B. S., JR. The Chemistry of Soft Rubber Vulcanization. III. Comparison of Vulcanized Rubber with Unmilled Crude Rubber Reclaims, and Unvulcanized Stocks Containing Stiffeners or Gas Black.....	538
GARVEY, B. S., JR. The Chemistry of Soft Rubber Vulcanization. IV. Vulcanizing Agents Other than Sulfur.....	688
GARVEY, B. S., JR., AND WHITE, W. D. The Chemistry of Soft Rubber Vulcanization. I. Measurement of Vulcanization.....	89
HAYDEN, O. M. The Testing of Rubber and Rubber-Like Materials for Oil-Resistance.....	657
HAYDEN, O. M., AND KRISMANN, E. H. Effect of Oils and Chemicals on DuPrene Compounds...	393
HEATON, NOEL. See Stevens, H. P.	
HENNE, ALBERT L. See Midgley, Thos., Jr.	
HESSELS, J. H. E. See Rossem, A. van.	
HOCK, LOTHAR, AND SCHMIDT, HANS. The Heat of Swelling of Rubber and Its Relation to the Previous History of the Rubber and to the Nature of the Swelling Agent.....	462
HOCK, LOTHAR, AND SCHMIDT, HANS. The Formation of Sulfur from Hydrogen Sulfide and Sulfur Dioxide.....	637
HOEKSTRA, J. The Balance-Plastometer: a Simple Instrument for Measuring Plasticity and Recovery of Soft Materials.....	136

## SUBJECTS

	Page
Accelerator Practice and Modern Compounding. Some Observations on Accelerators. Delayed Action.....	641
Accelerators Derived from Piperidine.....	417
Accelerators. Studies on the Combined Use of Some Different Organic.....	426
Acetic Acid Mixtures. The Oxidation of Rubber with Aqueous Hydrogen Peroxide.....	648
Adhesive Latex.....	454
Age Resistors in Rubber Compounds. Selection and Use of.....	450
Aging. Mechanism of Rubber.....	663
Aging Processes in Rubber. Investigation of the. I.....	387
Aging Processes of Rubber. Investigation of the. II.....	302
Alanine in Rubber Latex.....	18
Alcoholic Potash Extraction of Vulcanized Rubber.....	712
A Multi-form Plastometer.....	736
An Apparatus for the Extraction of Samples of Rubber and Other Materials with Solvents.....	130
Anisotropic Rubber Sheets.....	599
Antioxidants of Rubber Latex. I.....	289
Antioxygen or a Prooxygen toward Rubber. The Problem Whether Litharge Is an.....	23
Apparatus for the Extraction of Samples of Rubber and Other Materials with Solvents.....	167
A Shearing Disk Plastometer for Unvulcanized Rubber.....	599
Balance-Plastometer: a Simple Instrument for Measuring Plasticity and Recovery of Soft Materials. The.....	564
Balata. The Hydrogenation of Rubber and.....	136
Bureau of Standards Rubber Fractions. X-ray Diffraction Studies of the.....	498
Chain-Length of Natural and Synthetic Rubber. Molecular Weight and.....	503
Chemical Reactions of Rubber and Plioform.....	34
Chemicals on DuPrene Compounds. Effect of Oils and.....	546
Chemistry of Soft Rubber Vulcanization. I. Measurement of Vulcanization.....	393
Chemistry of Soft Rubber Vulcanization. III. Comparison of Vulcanized Rubber with Unmilled Crude Rubber Reclaims, and Unvulcanized Stocks Containing Stiffeners or Gas Black.....	89
Chemistry of Soft Rubber Vulcanization. IV. Vulcanizing Agents Other than Sulfur.....	538
Chlorinated Rubbers from Latex. Preparation of.....	688
Chlorination Processes. Hypochlorination and.....	320
Colloids. Physical Structure of Elastic.....	320
Compounding. Some Observations on Accelerator Practice and Modern.....	273
Compression. New Machine for Laboratory Evaluation of Fatigue of Rubber Compounds Flexed under.....	641
Conductivity of Compounds of Purified Rubber and Sulfur. Effect of Temperature and Frequency on Dielectric Constant, Power Factor and.....	125
Copper Salts on Raw Rubber. The Action of.....	342
Crude Rubber Variation. Plantation Studies of.....	618
Cutting and to Tearing. The Resistance of Anisotropic Rubber Sheets to.....	525
Degradation of Rubber Solutions. The.....	289
Delayed-Action Accelerators.....	632
Determination of Rubber in Rubber-Bearing Plants.....	417
Determination of Sulfur in Rubber. The Perchloric Method for the.....	111
Determination of the Iodine Number of Rubber. The Method of A. R. Kemp for the.....	730
Dibenzothiazole Disulfide. Diphenylguanidine and.....	587
Dielectric Constant. Effect of Temperature and Frequency on the.....	648
Diphenylguanidine and Dibenzothiazole Disulfide.....	342
Discoloration in Preserved Latex. The Causes of.....	648
Dried Rubber. Solution Properties of.....	433
DuPrene Compounds. Effect of Oils and Chemicals on.....	297
DuPrene Compounds. Physical Properties of.....	393
Ebonite. A Structural Formula for.....	406
Ebonite. The Stress-Strain Relationship in.....	520
Effect of Oils and Chemicals on DuPrene Compounds.....	197
Effect of Temperature and Frequency on the Dielectric Constant, Power Factor, and Conductivity of Compounds of Purified Rubber and Sulfur.....	393
Effect of Temperature on Tensile Properties of Vulcanized Rubber.....	342
Elastic Colloids. Physical Structure of.....	273
Electro-Deposition of Rubber on a Zinc Anode.....	314
Estate Practice and Its Relation to Factory Requirements.....	1
Extraction of Samples of Rubber and Other Materials with Solvents, Apparatus for.....	599
Electron Rays. The Structure of Gutta-Percha Based on Studies with.....	603
Factory Requirements. Estate Practice and Its Relation to.....	603
Fatigue of Rubber Compounds Flexed under Compression. New Machine for Laboratory Evaluation of.....	1
Fibering of Rubber. Time Lag and Its Relation to Rubber Structure.....	505
Gold Reaction of Products of the Initial State of Oxidation. The.....	125
Gutta-Percha Based on Studies with Electron Rays. The Structure of.....	603
Gutta-Percha Hydrocarbons as Determined by Iodine Chloride. Iodine Value of.....	576
Heat of Swelling of Rubber and Its Relation to the Previous History of the Rubber and to the Nature of the Swelling Agent.....	462
Hydrogenation of Rubber and Balata. The.....	496
Hydrogen Peroxide-Acetic Acid Mixtures. The Oxidation of Rubber with Aqueous.....	454
Hypochlorination and Chlorination Processes.....	320
Hypochlorous Acid on Rubber. The Action of.....	327

	Page
Impact Resiliometer. The.....	591
Index of Refraction of Rubber. Influence of Vulcanization on the.....	608
Influence of Vulcanization on the Index of Refraction of Rubber.....	608
Initial State of Oxidation. The Gold Reaction of the Products of the.....	18
Instrument for Measuring Plasticity and Recovery of Soft Materials. A Simple.....	136
Investigation of the Aging Processes in Rubber. I. The Effect of Irradiation with Ultra-violet Light on the Surface Tension of Rubber Solutions.....	302
Investigation of the Aging Processes in Rubber. II. The Gold Reaction of Products of the Initial State of Oxidation.....	18
Iodine Chloride. Iodine Value of Rubber and Gutta-Percha Hydrocarbons as Determined by.....	576
Iodine Number of Rubber. The Method of A. R. Kemp for the Determination of the.....	587
Iodine Value of Rubber and Gutta-Percha Hydrocarbons as Determined by Iodine Chloride.....	576
Iron in the Oxidizability of Rubber. The Proóxygenic Role of.....	213
Irradiation with Ultra-violet Light on the Surface Tension of Rubber Solutions. The Effect of.....	302
Isoprene and Rubber. Part 41. The Hydrogenation of Rubber and Balata.....	496
Isoprene and Styrene. The Polymerization of Rubber.....	184

Surface Tension of Rubber Solutions. Effect of Irradiation with Ultra-violet Light on the.....	302
Swelling Agent. Heat of Swelling of Rubber and Its Relation to.....	462
Swelling of Latex. The.....	477
Swelling of Rubber and Its Relation to the Previous History of the Rubber and to the Nature of the Swelling Agent.....	462
Synthetic Rubber.....	40
Synthetic Rubber. Molecular Weight and Chain-Length of Natural and.....	34
Synthetic Rubber. Natural and. XII. Reversible Vulcanization by Organo-Metallic De- rivatives.....	516
Synthetic Rubber. Natural and. XIII. A Structural Formula for Ebonite.....	520
Synthetic Rubber. Natural and. XIV. The Molecular Weight of Sol Rubber.....	518
 Temperature on Purified Rubber. Effect of.....	342
Temperature on Tensile Properties of Vulcanized Rubber. Effect of.....	371
Temperature on the Plasticity of Rubber. The Effect of.....	265
Temperatures. Characteristic Properties of Rubber at Low.....	610
Tensile Properties of Vulcanized Rubber. Effect of Temperature on.....	371
Testing of Rubber and Rubber-Like Materials for Oil-Resistance. The.....	657
Testing. Some Observations on Rubber.....	142
Tests on Sticky Latex.....	452
Textile Finishers Research.....	330
The Action of Copper Salts on Raw Rubber.....	618
The Action of Hypochlorous Acid on Rubber.....	327
The Balance-Plastometer. A Simple Instrument for Measuring Plasticity and Recovery of Soft Materials.....	136
The Causes of Discoloration in Preserved Latex.....	433
The Degradation of Rubber Solutions.....	632
The Effect of Temperature on the Plasticity of Rubber.....	265
The Electro-Deposition of Rubber on a Zinc Anode.....	314
The Formation of Sulfur from Hydrogen Sulfide and Sulfur Dioxide.....	637
The Heat of Swelling of Rubber and Its Relation to the Previous History of the Rubber and to the Nature of the Swelling Agent.....	462
The Impact Resiliometer.....	591
The Perchloric Method for the Determination of Sulfur in Rubber.....	730
The Plastic Properties of Several Types of Unvulcanized Rubber Stocks at High Rates of Shear. The Preparation of Chlorinated Rubbers from Latex. Hypochlorination and Chlorination Processes.....	248
The Physical Structure of Elastic Colloids.....	320
	273

	Page
The Problem Whether Litharge Is an Antioxygen or a Pro-oxygen toward Rubber. The Practical Consequences.....	167
The Pro-oxygenic Role of Iron in the Oxidizability of Rubber.....	213
The Resistance of Anisotropic Rubber Sheets to Cutting and to Tearing.....	289
The Russell Effect with Rubber.....	309
The Stress-Strain Relationship in Ebonite.....	197
The Swelling of Latex.....	477
The Structure of Gutta-Percha Based on Studies with Electron Rays.....	603
The Testing of Rubber and Rubber-Like Materials for Oil-Resistance.....	657
The Use of Rubber in Paint Vehicles.....	486
The Viscosity of Latex.....	634
The Vulcanization of Rubber.....	8
The Vulcanisation Process and the Reinforcement of Rubber.....	482
Time Lag and Its Relation to Rubber Structure.....	505
 Ultra-violet Light on the Surface Tension of Rubber Solutions. Effect of Irradiation with Unvulcanized Rubber. A Shearing Disk Plastometer for.....	302
Unvulcanised Rubber Stocks at High Rates of Shear. The Plastic Properties of.....	564
Unvulcanised Stocks Containing Stiffeners or Gas Black. Comparison of Vulcanized Rubber with.....	248
 Viscosity of Latex. The.....	538
Volume Change to Mechanism of Rubber Vulcanisation. Relation of.....	634
Vulcanization by Organo-Metallic Derivatives. Reversible.....	693
Vulcanization. The Chemistry of Soft Rubber. III.....	516
Vulcanization. The Chemistry of Soft Rubber. IV.....	538
Vulcanization. Measurement of.....	688
Vulcanization of Rubber. The.....	89
Vulcanization on the Index of Refraction of Rubber. Influence of.....	608
Vulcanization Process and the Reinforcement of Rubber. The.....	482
Vulcanization. Reactions during. III.....	103
Vulcanization. Relation of Volume Change to the Mechanism of Rubber.....	693
Vulcanized Rubber. Alcoholic Potash Extraction of.....	736
Vulcanized Rubber at Low Temperatures. Stress-Strain Curves of.....	610
Vulcanized Rubber. Effect of Temperature on Tensile Properties of.....	371
Vulcanizing Agents Other than Sulfur.....	688
 X-Ray Diffraction Studies of the Bureau of Standards Rubber Fractions.....	503
Zinc Anode. The Electro-Deposition of Rubber on a.....	314
